

## PRESS RELEASE

### *THE LOUISE AND ALAN EDWARDS FOUNDATION*

#### *Edwards PhD. Studentships in Pain Research 2016*

May 20, 2016

*The Louise and Alan Edwards Foundation* is pleased to announce the recipient of the *Edwards PhD. Studentships in Pain Research 2016*. The objective of these PhD. Studentships is to support the full-time chronic pain research of students at *The Alan Edwards Centre for Research on Pain (AECRP)* or any MUHC/McGill University affiliate.

- **Dr. Luca Posa**, proposed project is titled '*Interaction between melatonin MT2 and opioid receptors in neuropathic pain*' and he is being supervised by Dr. Gabriella Gobbi. They will be working to 'better clarify the role of the opioid system in MT2 receptor-induced analgesia, and consequently develop a new strategy in pain management'

We are proud to be able to support these rising young researchers, along with six PhD. Studentship renewals, and their projects being conducted at *The Alan Edwards Centre for Research on Pain* at McGill University, Montreal, Quebec, Canada.
