

## **PRESS RELEASE**

### *THE LOUISE AND ALAN EDWARDS FOUNDATION*

#### *Edwards PhD. Studentships in Pain Research 2018*

May 11, 2018

*The Louise and Alan Edwards Foundation* is pleased to announce the recipients of the *Edwards PhD. Studentships in Pain Research 2018*. The objective of these PhD. Studentships is to support the full-time chronic pain research of students at *The Alan Edwards Centre for Research on Pain (AECRP)* or any MUHC/McGill University affiliate.

- **Mr. Quentin Devaux**, supervised by Dr. Reza Sharif-Naeini, will be researching the ‘Role of *NHE6* in Touch Aversion’.
- **Mr. Thomas Deluc**, supervised by Dr. Philippe Séguéla, will be working on the ‘P2X4 ATP receptor-mediated modulation of ACC activity in chronic neuropathic pain’.

We are proud to be able to support these rising young researchers, along with 7 PhD. Studentship renewals, and their projects being conducted at *The Alan Edwards Centre for Research on Pain* at McGill University, Montreal, Quebec, Canada.
